## curli Premium Collection

Functionality, ergonomics and performance of the curli Clasp harnesses, which were awarded Product of the Year 2021/22 combined with special high-class design and material.

# Function & Design

## APPLE LEATHER

- Highly innovative hybrid vegetable leather made from apple juice production side-products
- Super-soft (softer than regular animal leather) and extra-lightweight for maximum comfort and freedom of movement
- Washable with high resistance to abrasion and durability
- Environmentally friendly, thanks to state-of-the-art 2nd level upcycling and the greatest possible avoidance of non-renewable materials

## curli CLASP

- Comfortable, stress-free leashing according to a CLICK.SNAP.GO idea
- High-strength, ultra-lightweight aluminum version of the curli Clasp

## 3-D COMFORT FIT

- Significantly improved ergonomics and optimized fit due to new 3-D Comfort Fit pattern and new size scale
- Perfected tension distribution thanks to bands sewn into the seams of the harness
- Zig-zag seams for flexible tension distribution
- Size adjustable with Velcro to fit the body shape, lined buckle and therefore no pressure points

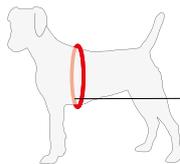

## curli SAFETY

- DogFinder ID to help you find your dog in case it gets lost

PATENTED

## Apple Leather

Using the latest technological innovations and processes, apple leather is made from plant based materials like the residue of apple juice. In this way it carries a future-oriented concept of carbon neutrality and environmental protection which reduces the use of animal leather and non-renewable materials. The result is a durable, environmentally friendly leather – smooth to the touch and of high quality.
